

TOO MANY CLASSES?

CAN'T KEEP TRACK OF WHAT'S IN CANVAS?

Assignments, announcements, pages, and study materials get scattered fast—especially across multiple classes.

KEEP YOUR COURSE. FIND ANYTHING LATER.

CourseVault turns your Canvas course into a clean, searchable archive you can keep.

Messy course content → CourseVault → Clean organized folder

— modules
— resources

- ✓ Keep course pages and materials organized
- ✓ Search old course material later
- ✓ Review assignments and important course information
- ✓ Use course content with Obsidian or AI study tools

HOW IT WORKS

1. Choose your course:
Use a Canvas course you already have access to.

2. CourseVault organizes it:
Your course content becomes structured and searchable.

3. Keep your archive:
Receive a clean course folder for studying and future reference.

No Canvas password sharing required
